

Moon Class

Moon class is geared to the early elementary aged kids and will last for 9 or 10 weeks. We will explore the moon phases through information, activities, and assignments. A moon book will be constructed during class and children will learn more about each phase as a Pagan.

Most supplies can be found around the house; however, you will need chalk, aluminum foil, 9 sheets each of black and blue construction paper and 8 large index cards.

It is recommended to have a 10th week for a moon party. Suggestions for this party are given in advance for preparing properly and listed separately here: <https://compassgrove.com/wp-content/uploads/2022/06/MoonClassWk10.pdf>

As with all things Pagan please read assignments in advance to make sure your beliefs follow the line of thought presented. Feel free to add, take out, or change anything to make lessons fit your family better.
